Declaration of Conformity

We Dataforth Corporation
3331 E. Hemisphere Loop
Tucson AZ 85706
U.S.A.

declare under our sole responsibility that the product family

SCM5B Modules, Backpanels and Accessories
with the exception of models
SCM5B33-04x, SCM5B33-05x,
SCMVAS-M400, -M500, -M600 and –M650

to which this declaration relates are in conformance with the following standards or other normative documents.

EN 60079-15	2005	Electrical apparatus for explosive gas atmospheres – Type of protection 'n'

following the provisions of the 94/9/EEC COUNCIL DIRECTIVE of 23 March 1994 on the approximation of the laws of the Member States concerning equipment and protective systems intended for use in explosive gas atmospheres.

NOTE: For conformance, the apparatus is derated from the published value of 1500Vrms to 400Vrms max continuous CMV.

These products are considered components for use in larger systems. The End User is required to provide an appropriate enclosure for all modules and backpanels.

Reference conformance report TD1211.
