are free from any intentionally added Per- and Polyfluoroalkyl Substance (PFAS). This information is based upon our production knowledge and declarations collected from the upstream supply chain. The term “intentionally added” means “a chemical in a product that serves an intended function in the product component”.

We understand that PFASs are persistent and bio-accumulative in the environment and generate adverse effects on human health. Therefore, Dataforth has taken proactive measures to ensure our products comply with ongoing legislative effort in PFAS. We are committed to continuously monitoring and improving our material compliance process to ensure our products are compliant.
